SAN DIEGO IS EN FETE FOR FLEET

Multitude Will This Afternoon Welcome Armada Home When Sixteen Battleships Drop Anchor Off Coronado Beach.

SAN DIEGO, April 13.—[Exclusive Dispatch.] "Nearing home and all in all well." This is the latest news from the American fleet, the greatest armada ever assembled, flashed by wireless from the battleship Georgia to the Point Loma station at midnight tonight.

The great journey, record-breaking in many respects, from American shores to American shores, is about completed; the tremendous voyage of a mighty fleet around a continent is consummated without a single serious accident or delay; and tomorrow at 1 o'clock the word will be flashed over the world that the American fleet is home again.

The rejoicing which will be manifested in this city will be but the material demonstration of the proud satisfaction of the nation in the achievement of its mightiest guarantee for peace.

Steaming slowly, at only nine knots per hour, in order not to reach the anchorage off Coronado Beach tomorrow before the hour set—1 p.m.—the great fleet was reported by wireless tonight to be in sight and upon condition for the inspection of the countless thousands who will greet it here and at Los Angeles.

The decks have been scrubbed and polished till they shine, the great guns have been oiled, every foot of the great 64-inch fortress cleaned and scraped till no spot or surface will reveal to the eye the tale of the greatest cruise ever undertaken by such a fleet. Only the hulls of the monster war fighters, covered by millions of bayonets which have accumulated in the 14,000-mile voyage, would reveal the truth about them.

In better condition for "fight or frolic" than when they left Hampton Roads on December 16, the sixteen great battleships are consuming less coal per mile than when they started; they are able to steam faster than when they started; the guns are able to shoot straighter and farther; the crews are better drilled and better disciplined. In every way it may be said that the fleet has been "up to the mark."

San Diego is en fete. Thousands of visitors from all parts of the State have swelled the enthusiasts of the southern city to greet with a hearty welcome the sailor boys and the battleships that have sailed from home to home again.

The decorations of the city are in the form of a huge cross extending up D street to the Santa Fe station to Seventh street, where the illuminations end with a big arch. The arms of the cross extend from D to H street on one side, ending in another monster arch, and to B street on the other, also ending at an arch. These arches are works of art.

Every train has poured its quota of visitors into the city and the hotels are crowded. Gov. Gillett and his staff reached the city at 7 o'clock and he and his party were taken at once to Coronado Hotel. He was tired after his trip but, in spite of having just arisen from his sick bed, he stood the trip exceedingly well. He will pay his official visit to Rear-Admiral Thomas on the flagship Connecticut tomorrow at 4 o'clock.

FIGHT TO CLOSE SALOONS.

A fight is in progress by the members of the allied churches of the city to have the saloons all closed during the stay of the fleet. Today a resolution was presented to Mayor Forward for action by the City Council, which met in special session this afternoon, to force the saloons to close. But the Council was unable to act upon the resolution, because City Attorney Futerbaugh submitted an opinion that the Council would have no right to act, as it was not named in the call for the special session.

WIRELESS BRINGS LATEST NEWS FROM THE BIG FLEET.

[BY THE ASSOCIATED PRESS.—P.M.]

BOARD BATTLESHIP KANSAS, VIA POINT LOMA WIRELESS STATION, SAN DIEGO (Cal.) April 13.—Tonight the fleet is steaming steadily at nine knots speed in squadron formation.

The weather is cloudy and growing cooler rapidly. Early this morning a haze, which amounted almost to a fog, prevailed.

At 4 a. m., as the Connecticut altered her course to the northward, leading directly to San Diego, the whistles of the battleships sounded.

Today was pay day, every man receiving a month's pay. The amount paid out on a single ship was \$15,700, making the total for the fleet approximately \$250,000.

ADMIRAL EVANS ABLE TO ATTEND TO CORRESPONDENCE.

[BY THE ASSOCIATED PRESS.—P.M.]

PASO ROBLES HOT SPRINGS (Cal.) April 13.—Rear-Admiral Evans is much better tonight and early in the evening was able to attend to his correspondence. Mrs. Evans and her daughter, Mrs. C. C. Marsh, received several callers in the hotel parlors.

James D. Phelan, chairman of the San Francisco fleet reception committee, arrived this evening and talked briefly with the Admiral.

Lieut. Torney, Surgeon-General of the Department of California, who came down to see Rear-Admiral Evans Saturday, stated that he appeared stronger and looked brighter than when he was here a week ago to see him.

THOUSANDS PERISH IN FLOOD IN CHINA.

[BY DIRECT WIRE TO THE TIMES.]

HANGHAI, April 13.—[Exclusive Dispatch.] More than 2000 persons are reported to have been drowned in floods which swept over Hangchow during the night.

Seven hundred junks were either sunk or destroyed, thousands of acres of property were laid waste, and hundreds of homes wrecked.

The stricken district is in the province of Hu-Peh.

According to the meager reports received here, sudden freshets were responsible for the floods. Caught unexpectedly, the victims were drowned as they lay in bed, or, warned by the rushing waters, sought a means of escape. Men who turned their attention to the women and children and tried to remove them to places of safety found their efforts unavailing.

SINK WITH JUNKS.

The junks were useless in the emergency, and many who had been rescued sank with them. The darkness served to lessen greatly the chance of escaping death.

China, for the past century, has been visited at various times by disastrous floods. In October, 1853, at Canton, 10,000 houses were destroyed and 1000 lives lost as the result of incessant rains. In September and October of 1857, the Hoang or Yellow River overflowed its banks and destroyed approximately 1500 villages and millions of lives were reported lost.

May 3, 1883, the Canton River overflowed its banks, and 2000 people were drowned, and on June 2, 1888, floods overwhelmed the Chang Ping and Ping Quen districts, destroying many villages and causing a loss of 6000 lives.

On July 6 of the same year, the Hoang River again overflowed its banks and invaded ten large governmental districts, causing immense loss of life and property.

MUST ATTEND TO DUTIES.

ROME, April 13.—[Exclusive Dispatch.] The Duke of Abruzzi has received an order from the authorities of the Italian navy, commanding him to devote himself closely to the exercise of his profession as a naval officer during the ensuing twelve months.

This order has caused much speculation. It does not positively bar marriage during the year, but naturally and necessarily it greatly restricts the Duke's freedom of movement, confining him more strictly than heretofore to the performance of his duties as commander of Italy's finest battleship, the Regina Elena, now at Turin.

STRIKERS RIOTING.

Chester, Pa., Under Martial Law.

Unionites Tie Up Traction Company by Stoning the Cars.

State Constabulary Called Out and Are Attacked by the Mob.

Several Clashes in Day Time Followed by Pitched Battle.

[BY THE ASSOCIATED PRESS.—P.M.]

CHESTER (Pa.) April 13.—A strike of conductors, motormen and other employees of the Chester Traction Company, followed by the importation of about 150 strike-breakers and the summoning of a detachment of the State constabulary to assist the local police in preventing violence, precipitated a series of clashes between strike sympathizers and State police today.

The police were stoned, and several civilians were hurt, though none dangerously.

The events of the day have aroused the entire populace, and the town is practically under martial law tonight, with all the saloons closed and the street cars halted and other property of the Traction company under guard.

The trouble started when a mob prepared to stop the running of cars by strike-breakers. The first car out of the barn was stoned and every window broken.

This absolutely tied up every line of cars in Chester, including the line to Philadelphia.

While the strikers held themselves in readiness to prevent the operation of cars, a detachment of twenty State police, under command of Capt. Strickland, came upon the scene. Their appearance aroused the ire of the strikers and the officers were stoned by the mob.

Lieut. Charles Fuenstein was rendered unconscious, but he was not dangerously hurt. His co-workers came to his rescue, and the strikers and their friends were driven back.

Several times thereafter the mounted police were compelled to charge the crowds, and there were incipient riots, but the worst disturbance came at nightfall, when the strikers, augmented by several men and women, charged the mounted police.

A number of shots were fired, and a horse belonging to Private Sullivan was shot from under him. The rioters were subdued when the fire department was called out and water turned on the mob.

NOT FUNNY.

TWAIN NEARLY GOES OVERBOARD.

HUMORIST HAS HAIRBREADTH ESCAPE.

Giant Comber Strikes Vessel During Sixty-Mile Gale, and Mr. Clemens and Young Woman Companion Are Swept from Their Feet, "Touched" by Rogers.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, April 13.—[Exclusive Dispatch.] Samuel L. Clemens (Mark Twain) arrived on the Bermudian of the Quebec steamship line today, with a thrilling story of a hairbreadth escape from being swept into the Atlantic Ocean during a tempest that tossed the ship like a cork, yesterday afternoon.

The humorist was one of a very few that ventured on the deck during the sixty-mile gale, and his companion was Miss Dorothy Burge, daughter of a well-known New York architect.

Mr. Clemens had Miss Dorothy by the arm, and they were making great sport of their hazardous progress down the promenade deck.

Suddenly a great comber burst itself slantwise at the ship and itself in a deluging cloud of water over the rail. A swirl of the water descended upon Mark Twain and the young girl, and snatched her from Mr. Clemens's protecting arm.

She was swept from him on down into the scuppers. Then Mr. Clemens's feet went out from under him as another wave pounded over the sides, but he managed by an agile movement to catch the rail and save himself.

As soon as he could gain his feet he worked his way down the scuppers to where Miss Sturgis lay in a half swoon. He caught the young girl in his arms and carried her safely to a gangway and down into the shelter of the cabin.

Speaking of his experience today he said: "I never knew the ocean was so wet before." Further than this nothing could be drawn from him.

Getting back to his vacation in the Bermudas and how he and Mr. Rogers got on together, Mr. Twain said: "Oh, we got on all right. He only touched me a couple of times. But I loaned him the money. I had no fear. I guess I'll get it back again."

MINING BUREAU IS IN FAVOR.

House Committee Recommends Its Establishment.

To Be a Part of Department of the Interior.

Chiefcy May Be Offered to John Mitchell.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 12.—The House Committee on Mines and Mining today agreed to recommend the passage of a bill drawn by a subcommittee for the establishment of a Bureau of Mines in the Department of the Interior.

By the terms of this bill it shall be the province and duty of the new bureau to "coerce, promote and develop the mining industries of the United States, to make diligent investigation of the methods of mining, the safety of the miners, the possible improvement of conditions under which mining operations are carried on, the treatment of ore, the use of explosives and electricity, the prevention of accidents, the values of mineral products and the markets for the same, and of other matters pertaining to said industries, and from time to time to make public reports as the Secretary of the Interior may direct of the work investigations and information obtained, with the recommendation of such bureau."

Provision is made for the government of the bureau, under the Secretary of the Interior, by a commissioner to be appointed by the President, at an annual salary of \$6000.

TO BE OFFERED TO MITCHELL.
(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, April 12.—[Exclusive Dispatch.] It is learned from authentic sources that the position of chief of the new Bureau of Mines and Mining will be offered by the President to John Mitchell, former president of the United Mine Workers of America.

FURTHER FRICION UNLIKELY.

American State Department Reaches Satisfactory Understanding With Russia About Manchuria.

(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, April 12.—Secretary Root had a long conference at the State Department today with the Russian Ambassador Baron Rosen, the feature of which was the Manchurian situation, and in consequence when the Ambassador left this afternoon for New York on his way to Russia he bore with him the last words of the American State Department on that important subject. The interview was eminently satisfactory on both sides. From the Russian standpoint it was made plain to Secretary Root that the local Russian officials in Harbin were serving of support in their efforts to subordinate that important place to the Russian government, for the development of that city before the war with Japan.

Tore down the objection of American Consul Fisher to full recognition of the Russian authority at Harbin, was made plain to Secretary Root that the local Russian officials in Harbin were serving of support in their efforts to subordinate that important place to the Russian government, for the development of that city before the war with Japan.

LEASE WAS INVALID.

Supreme Court of United States Decides Against Two Southern Companies.

(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, April 12.—The anti-trust case of the Shawnee Company and the Gulf Company, which was argued before the Supreme Court of the United States today, against the two companies.

The case was instituted by Anderson and Clayton, minority stockholders in the Shawnee company, to enjoin the leasing of that company's cotton compress to the Gulf company. The trial court sustained the lease as valid, but its decision was reversed by the Oklahoma Territorial Supreme Court. Today's opinion was by Justice McKenna, and affirmed the Oklahoma court of highest resort.

NO EVIDENCE YET FOUND.

Attorney-General Tells How He Has Been Unable to Find Anything Against Paper Trust.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 12.—The Attorney-General today sent to Speaker Cannon a letter in reply to the House resolution asking what steps have been taken by the government to investigate the alleged combination of newspaper and pulp or print-paper manufacturers.

The Attorney-General says an investigation is in progress, but no evidence has yet been obtained to justify legal proceedings. He says when the investigation and transcript thereon is completed, he will submit them without delay if he can do so without affecting the interests of justice, but that if the investigation should lead to civil or criminal proceedings, it may continue expedient to temporarily withhold from the public the evidence and information.

MEXICO CHANGES RULE.

Importation of Arms and Ammunition Into Lower California Is Prohibited.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 12.—At the request of the Mexican government, the Postmaster-General has issued an order that the order prohibiting the importation of arms and ammunition into the States of Sonora, Sinaloa and Territory of Lower California of arms and ammunition is prohibited.

The Mexican government gives no reason for the change.

TO DISCUSS PROGRAMME.

WATSON TO SEE PRESIDENT.

(BY THE ASSOCIATED PRESS.—A.M.)
WASHINGTON, April 12.—After a brief conference with President Roosevelt today, Representative Watson of Indiana, the Republican "whip" of the House, said that he had made an appointment for tomorrow night to discuss with the President the programme for legislation for the remainder of the session.

TO REGULATE INJUNCTIONS.

Senate Committee on Judiciary Reports Bill.

Five Days' Notice Must Be Given State Officials.

Proposed Law Provides for Hearings Before Action.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, April 12.—Through Senator Overman the Senate Committee on Judiciary today reported a bill regulating the practice of granting injunctions by United States courts restraining the enforcement of State statutes. The bill provides that no Circuit or District Court shall issue such temporary injunctions until testimony shall have been taken by three judges, at least two of whom shall be Circuit judges, and that there shall be five days' notice of such proceedings to the Governor and Attorney-General of the State involved unless the case is such that the loss of so much time may work irreparable damage, when a temporary order will be issued.

Registration of Corporations.

WASHINGTON, April 12.—Senator Curtis today introduced a bill to require corporations organized under Federal or State charters to register with the Department of Commerce and Labor and secure a permit therefrom before attempting to transact business in a State or Territory other than that in which it is organized.

Badger to Stay at Academy.

WASHINGTON, April 12.—Capt. C. J. Badger, superintendent of the Naval Academy, will serve another year in that capacity after the close of the present academic term. Capt. Badger had been expected to resign, but defers to the wishes of Secretary Metcalf, who is anxious that he continue as superintendent at the academy.

Spokane Indian Land Bill.

WASHINGTON, April 12.—The Senate today passed a bill authorizing the allotment to the Indians of the lands of the Spokane Indian reservation and the sale of the surplus to white settlers.

Reconstructed Body Is Distinctly a New Blood Organization, Although Only One of the Former Ministers Retires—Commands Favorable Opinions From All Sides.

(BY DIRECT WIRE TO THE TIMES.)
LONDON, April 12.—[Exclusive Dispatch.] Premier Asquith's cabinet making was the last work of the work of the kind on record in this country, having been accomplished in the space of forty-eight hours.

It commands the favorable opinion of a majority of the critics inside and outside Parliament. The reconstructed body is distinctly a new blood organization, although only one of the former ministers, Mr. Asquith, remains. All the most notable men of Campbell-Bannerman's Cabinet are retained, and the new blood is infused by the way the portfolios are distributed among the veterans.

The Earl of Crewe is now Colonial Secretary; David Lloyd-George, Chancellor of the Exchequer; Winston Churchill, President of the Board of Trade; Walter Runciman, president of the Board of Education; Reginald McKenna, First Lord of the Admiralty; Lord Tweedmouth, president of the Council. Messrs. Churchill and Runciman are the only new members of the Cabinet.

John E. Seely, Lord Lucas, F. D. Acland, and Thomas R. Buchanan, the quartette promoted to government positions outside the Cabinet, are all younger men in any better condition to the front. John Morley and Sir Henry H. Fowler, who are created Viscounts, are also younger men. The Liberals in the House of Lords. The country is pleased to find Morley, Grey, Haldane, Buxton, Birrell and others retaining their old portfolios. Although it is thought that his eleventh-hour success with the Irish universities bill will bring Mr. Birrell to the front in the British cabinet of progress. It is understood that Premier Asquith will continue to make the cabinet statement, although he has resigned the Chancellorship, there being a precedent for the course.

ORANGES GO FAST.

Western States Compete as to Time in Landing California Golden Fruit in Chicago.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] Competing for the honor of being the first to land California oranges in Chicago in the shortest possible time is daily becoming more keen.

Go to line officials say they are putting oranges into Chicago on the seventh day from shipment.

Other routes are taking eight days for the service, but it is doubtful if they will remain behind.

CHRISTIANITY FACING CRISIS.

Professor in Divinity School of Chicago University Makes Such Assertion in Essay.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] "In my opinion, Christianity is in the most serious crisis of its history. I do not refer to controversy in newspapers and on the streets, but to the quiet, bitter battle which serious men are fighting out in their own souls. It is the dying of the old faith which Christianity is experiencing."

In these words, George Burdett Foster of the Divinity School of the University of Chicago strikes the keynote of a remarkable essay, "Concerning the Religious Basis of Ethics," in the American Journal of Theology for April.

Activity of the churches and their appearing prosperity, according to the daring theologian, are only throes which precede dissolution.

Senator Beveridge Speaks.

CAMBRIDGE, Mass., April 12.—The Harvard Union hall was thronged with students tonight to hear an address by Senator Beveridge of Indiana. Earlier in the evening the Senator had been dining by members of the Harvard Indians club, in the Trophy room of the Union.

A SQUITH GOOD CABINET-MAKER.

ABOUT QUICKEST PIECE OF WORK OF KIND ON RECORD.

Reconstructed Body Is Distinctly a New Blood Organization, Although Only One of the Former Ministers Retires—Commands Favorable Opinions From All Sides.

(BY DIRECT WIRE TO THE TIMES.)
LONDON, April 12.—[Exclusive Dispatch.] Premier Asquith's cabinet making was the last work of the work of the kind on record in this country, having been accomplished in the space of forty-eight hours.

It commands the favorable opinion of a majority of the critics inside and outside Parliament. The reconstructed body is distinctly a new blood organization, although only one of the former ministers, Mr. Asquith, remains. All the most notable men of Campbell-Bannerman's Cabinet are retained, and the new blood is infused by the way the portfolios are distributed among the veterans.

The Earl of Crewe is now Colonial Secretary; David Lloyd-George, Chancellor of the Exchequer; Winston Churchill, President of the Board of Trade; Walter Runciman, president of the Board of Education; Reginald McKenna, First Lord of the Admiralty; Lord Tweedmouth, president of the Council. Messrs. Churchill and Runciman are the only new members of the Cabinet.

John E. Seely, Lord Lucas, F. D. Acland, and Thomas R. Buchanan, the quartette promoted to government positions outside the Cabinet, are all younger men in any better condition to the front. John Morley and Sir Henry H. Fowler, who are created Viscounts, are also younger men. The Liberals in the House of Lords. The country is pleased to find Morley, Grey, Haldane, Buxton, Birrell and others retaining their old portfolios. Although it is thought that his eleventh-hour success with the Irish universities bill will bring Mr. Birrell to the front in the British cabinet of progress. It is understood that Premier Asquith will continue to make the cabinet statement, although he has resigned the Chancellorship, there being a precedent for the course.

ORANGES GO FAST.

Western States Compete as to Time in Landing California Golden Fruit in Chicago.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] Competing for the honor of being the first to land California oranges in Chicago in the shortest possible time is daily becoming more keen.

Go to line officials say they are putting oranges into Chicago on the seventh day from shipment.

Other routes are taking eight days for the service, but it is doubtful if they will remain behind.

CHRISTIANITY FACING CRISIS.

Professor in Divinity School of Chicago University Makes Such Assertion in Essay.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] "In my opinion, Christianity is in the most serious crisis of its history. I do not refer to controversy in newspapers and on the streets, but to the quiet, bitter battle which serious men are fighting out in their own souls. It is the dying of the old faith which Christianity is experiencing."

In these words, George Burdett Foster of the Divinity School of the University of Chicago strikes the keynote of a remarkable essay, "Concerning the Religious Basis of Ethics," in the American Journal of Theology for April.

Activity of the churches and their appearing prosperity, according to the daring theologian, are only throes which precede dissolution.

Senator Beveridge Speaks.

CAMBRIDGE, Mass., April 12.—The Harvard Union hall was thronged with students tonight to hear an address by Senator Beveridge of Indiana. Earlier in the evening the Senator had been dining by members of the Harvard Indians club, in the Trophy room of the Union.

WILL DEFEND HER NAME.

Julia Marlowe Will Take Advantage of Law for Benefit of Co-respondents.

NEW YORK, April 12.—[Exclusive Dispatch.] Mrs. Julia Marlowe, who reached New York yesterday after closing her theatrical season on Saturday night, is at the Plaza Hotel under the care of a physician and appears physically unable to make any statement concerning the charges made against her in the divorce suit of Mrs. Clara Louise von Hermann against Karl Stodden von Hermann.

Herbert L. Ramelee, Mrs. Marlowe's counsel, says it is Mrs. Marlowe's intention to make a vigorous defense, taking advantage of a provision of the law which allows a co-respondent to defend action to go on the stand and defend his or her good name.

BOILING POT.

JOHNSON MAKES FIGHT IN ILLINOIS.

ATTEMPT TO SECURE PRAIRIE STATE DELEGATION.

Bitter Fight by Anti-Sullivan Democrats and Progress Made by Campaign for Minnesota Governor Culminates in Situation Which May Develop Into Hot Convention Fight.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] Gov. John A. Johnson of Minnesota, through his campaign managers, has started a vigorous and thoroughgoing attempt to secure the Illinois delegation to the Democratic National Convention. The arrival of Gov. Johnson tomorrow will more clearly demonstrate this generally accepted rumor.

Quiet and deep-seated work has been in progress for more than a month. It is reported in Illinois that the Presidential boom in Illinois, and the developments of the last week, the bitter fight which has been initiated by the Johnson campaign in the State and the progress which has been made by the Johnson propaganda all through the East and South, culminate in a situation which may develop into a hot fight for Johnson instructions at the Democratic State Convention in Springfield, April 22.

At the Johnson headquarters today it was stated that an instructed delegation from the Illinois delegation is not desired or urged and that the Johnson lieutenants will be thoroughly instructed to follow the lead of the Atlantic Coast delegation, an untrusted delegation to Denver.

TO CHANGE HISTORY.

Rumored Move by Bryan Men to Eliminate the "Two-Thirds Rule" Governing Democratic Conventions.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] A move to eliminate the historic "two-thirds rule" from the regulations governing the Democratic national convention at Denver in July is being made by the Bryan men by the campaign managers of Gov. Johnson of Minnesota.

The Johnsons, says the Bryanites, have become panic-stricken over the possibility of a "two-thirds rule" being adopted at the convention, and their demand for unrestricted delegations.

"The plot to unrestrict delegates to Denver is making so much progress in the Democratic camp that the Bryan men are becoming alarmed over the outlook," reads a statement sent out at the Johnson headquarters today. "It is understood that Senator Stone of Missouri is drafting a resolution to be offered at Denver changing the traditional rule to a majority."

The two-thirds rule has governed Democratic national conventions since 1822.

NOMINATION AT STAKE.

Contesting Delegations, Greatest Number in History, May Control Republican National Convention.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] Harry B. Fawcett, chairman of the Republican National Committee, declared today that the Chicago convention, June 18, will see more contesting seats than any heretofore in the history of the party.

He asserted that all of the Southern States will have contesting delegates in whole or part and that other sections of the country will add to the volume of decisions which must be made by the national committee. The settlement of these factional fights may decide the nomination for President.

Politicians do not concede that Taft and Roosevelt control the national committee. Chairman New and Secretary Fawcett are in the complete in conference today at the Auditorium Annex, preparing detailed plans for the holding of the convention.

NO MORE SLUMMING.

Chicago Police Captain Orders Arrest of All Sightseers Found in Street.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 12.—[Exclusive Dispatch.] Fashionable slumming parties in the red-light district, common of late in Chicago, will be stopped.

Capt. Stephen Wood of the Twenty-second Police Station ordered patrolmen to arrest all such sightseers parties invading the tenderloin in the future.

The order followed an assault last night by J. A. Tanner, a member of a slum party, on the Rev. W. A. Bell, a midnight mission worker. Tanner was fined \$10 today.

TO INVESTIGATE SPECULATION.

ALBANY (N. Y.), April 12.—A bill providing for the appointment of a commission of nine to investigate Wall street speculation as recommended last week by Gov. Hughes, was introduced in the Senate tonight. The commission must report to the next Legislature.

SPECIAL MESSAGE.

PRESIDENT ANNOUNCES NEW WATER POLICY.

Vetoes Dam Bill and Warns Congress Against Unrestricted Grants of Stream Rights—Natural Wealth Belonging to the People.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, April 12.—In a special message today vetoing a dam bill, President Roosevelt warned Congress that there are pending in this session bills which propose to give away without price stream rights capable of developing 1,000,000 horsepower, whose utilization would cost annually \$5,000,000 of coal; using in vigorous terms the establishment of a policy such as the filibustering minority in the House demands which would safeguard the granting of bridge and dam privileges and require the grantees to pay for them; and definitely announcing a future policy on its part with regard to a definite limitation of future generations the power of authority to renew or extend the concession in accordance with the conditions which may prevail at the time.

REACTION AGAINST FORAKER.

Southern Negroes Hear That Their Friend and Champion "Turned Them Down."

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, April 12.—[Exclusive Dispatch.] The negro population of Washington is haunted by an uneasy fear that J. B. Foraker, the great apostle of Afro-Americanism in the Senate, is untrue to them. In all the A. M. E. churches and at Low Cost saloons, the great question of the hour is: "Did Foraker throw us down?"

On March 23 there was a great meeting of the Bethel Literary and Historical Society, which is the greatest negro organization of its kind in the United States. Foraker, who founded it in 1872. The star of the occasion was to be the friend of the downtrodden, J. B. Foraker. Four thousand negroes were present and twenty policemen busy driving the overflow back.

Finally it was announced that Senator Foraker had written a letter saying he could not be present because of illness. Later it was learned that Foraker was not ill that night at all, but that, clad in gay raiment, he was the hero of the evening at the French Ambassador's dinner.

The news is circulating through the South, and a reaction against the Foraker Presidential boom and in favor of Taft is likely to be the consequence.

CHARD HALL IS ACQUITTED.

Announced Not Guilty of Stealing Gold Dust.

With Taking It from Yukon Steamer.

Famous Case in the Yukon Territory.

(BY THE ASSOCIATED PRESS.—A.M.)
TLE, April 12.—A special cable from Dawson says that Chard Hall has been acquitted of the charge of stealing gold dust from the steamer, which was taken to Seattle by persons in Alaska.

The case deliberated on what was pronounced the most famous case in the Yukon territory, was not placed on the stand, and was made for him other introduce witnesses to prove his innocence. The defense was by C. W. C. Taber, in the jury. Justice Dugas announced that it was extremely difficult to find a jury in the Yukon territory, and that the case was postponed to the next session of the court.

A Careful Dig

When David Jayne Iant Secretary of State for the diplomatic staff could talk most obliquely to press representatives at The Christian Endeavor an interesting incident occurred. Once a young reporter asked him at his house late in the afternoon for an unexpected development.

"I shall be very glad," said Dr. Hill with a wry smile, "but I must not dwell in my language. The diplomatic status of the press," he said, "is as follows," and here he fell on the reporter's hands.

"The reporter, whose work was limited to domestic news, was assigned to the division of the Gaul by the French of the Gaul."

WORK FRACTURE ON RECORD.
Crack Extends Across Entire Top of Skull, but Victim Talks Rationally.

Death Inevitable.
Alexander Parquett of No. 212 Clay street was fatally injured yesterday afternoon by falling from the second story of the Masonic Temple, in course of erection at South Figueroa and Pico streets.

He alighted on the top of his head and his skull was cracked. He was cared for by his companions until the police ambulance from the University station arrived, and in that he was hurried to the Receiving Hospital.

Parquett, although desperately injured, directed the men in helping him from the ambulance. He seemed to have his senses, and answered questions readily.

When put on the operating table it was found that he had the worst fracture that had ever been treated in the Receiving Hospital. His case was considered so remarkable that the chief surgeons of several of the other hospitals were notified, and went in to watch the operation. A stellate fracture on the left side of the skull extended across the entire top of the head to a spot over the right ear. He had sustained other injuries. On

his chin, a great bruise had been raised when he struck a projecting timber in his fall.

Until the time the surgeons administered the anesthetic, Parquett talked rationally. He complained when a little soapy water got into his eye while the wound was being washed.

After the operation, he soon became unconscious, and his death is a matter of only a few hours.

Parquett came to Los Angeles from Augusta, Me. He is married, and has no children.

NO RUSH TO FESTAL BOARD.
Few Democrats Attend "Jefferson Day" Banquet—Speakers Urge Adherence to Principles.

Only forty Democrats attended the "Jefferson Day" banquet at Levy's last night. Several of the speakers indicated that the late financial panic was started by the Republican party to deprive loyal Democrats who otherwise would have been able to pay for seats at the table.

Mayor Harper sent a polite message of regret and letters from a number of prominent Democrats were read by Toastmaster James G. Scarborough.

Thomas E. Gibson opened the affair, dinner speaking by eulogizing Jefferson and asserting that his spirit is reincarnated in William Jennings Bryan.

Timothy Spellman, chairman of the Democratic State Central Committee, prophesied that Bryan would be elected President, "if our party works in harmony and remains close to the principles of that first commoner, Thomas Jefferson."

C. F. McNutt took as his subject "Are Jefferson's Principles of Government Applicable to Present Conditions?" He spoke of Jefferson's reform measures in Virginia and said that Grover Cleveland is discredited by his party for his futile attacks upon Bryan and the principles upheld by Democrats at large. He believed that public ownership laws, limiting power to bequeath vast estates to favored children, and other sweeping reforms should be adopted by the party.

He closed with uncompromising allusions to Morgan, Gould, Rockefeller and the trusts.

Edmund B. Drake asserted that he found it took courage to be a Democrat in this section. "We are too timid," he added. "Many of us will be standing up to see in what direction the wind blows." He affirmed the next President must stand firm on labor, currency, public ownership and tariff questions.

NOTABLE VICTORIES FOR GOOD ORDER.

Happy Outcome of Many Municipal Elections in Southern California.

Riverside County Towns Banish the Saloon and Christian Women March Through Streets Singing Hymns. Initiative Ordinance Lost at Santa Monica—Abbot Kinney Triumphs Over Enemies—Hot at Hermosa.

FEATURES of yesterday's forty municipal elections: Abbot Kinney won by almost two to one at Venice against his enemies at the other end of the beach. The party, whose henchmen were indicted by the last grand jury, was magnificently defeated this time. The anti-saloon party won in two-thirds of the towns where the rum-shop was an issue. Lucky Baldwin succeeded in electing a former dive-keeper as City Marshal of Arcadia. There were severe defeats for booze in San Jacinto, formerly a liquor stronghold; in Elsinore, Corona and elsewhere. Riverside county is now "dry." Initiative, used for the first time in a prohibition ordinance at Santa Monica, was defeated. Pool rooms were knocked out at South Pasadena. Anaheim, another liquor stronghold, voted for Sunday closing. The Sheriff sent an automobile full of deputies to put down a riot at Hermosa Beach.

Episodes in Yesterday's Municipal Elections as They Impressed a Times Artist

The trouble at Hermosa Beach arose from the collision of a bow-legged cow puncher from Medicine Bow, Wyo., with Robert Loucks, the "Democratic orator" who strives to build up a reputation by bull-dozing corporations. The Sheriff had to rush an automobile full of deputies to the scene. Loucks' brother is to be prosecuted and the cow puncher will never have another happy moment because he didn't have a gun while all the beautiful mums was going on. Loucks got up a party at Hermosa to "down" the Hermosa Beach Land Company which owns the townsite and most of the landscape. Early yesterday morning, Loucks' party, which controls the present city government, swore in a mob of special policemen. As they couldn't find special policemen's badges enough to go around, they bought a lot of deputy sheriff's badges. Before noon, the beach was fairly swarming with special officers. Some were college boys with Panama hats and pipes and some were roustabouts. All of them were simply itching to arrest somebody. Before the day was through, one of them had a punched nose, another had been choked into humility and the rest were scared into fits. Early in the morning, not long after the polls opened, a row started because workmen from a railroad being constructed near Hermosa by Mr. Carlson wanted to vote. The Loucks party scented a hideous conspiracy. They savagely questioned the railroad hands and refused most of them the right to vote. At this point, A. J. Burbank, one of the magnates of the beach, attempted to take a hand. Two of Loucks' special policemen grabbed him and hustled him out of the room where the polling place was located. According to the etiquette of Medicine Bow, Harry McCullough, the cow puncher, came in. With the required preliminaries, he drew up on folks if it is election day. "The man from Medicine Bow looked up with undisguised astonishment. 'What d'you think of that? Why in Medicine Bow we always kill three or four on election day.' The Loucks party won the election. SANG HYMNS. A very different but hardly less strenuous scene took place at Corona when the battle has been raging red-hot against saloons. When the vote was announced and it became known that the town had gone dry, a triumphal parade was formed

DEATH AFTER VACCINATION.

Eight-Year-Old Schoolboy Lingers and Finally Succumbs—Heart Failure Assigned as Cause. Death followed somewhat closely upon vaccination in the family of W. A. Matland, No. 46 Isabel street, when his son, Charles, aged 8 years, succumbed. The Matlands came to the city lately from Pennsylvania, and the little boy was placed in the Loretto-street school. He had not been vaccinated, and when the authorities learned this the parents were notified that they must comply with the health ordinance requiring vaccination, or take the lad out of school. The father feared the result, and the child was not robust, but finally submitted and took him to the health office, where the virus was injected. The boy became ill, and his condition gradually became so serious that a physician was called, but he did not rally, and expired after lingering several days. Heart failure was assigned as the cause of death.

NO PARDON FOR HIM.

Department of Justice Puts Quiet on "Saint Orlando's" Application for Freedom. "Saint Orlando" K. Fitzsimmons must serve his full term in the County Jail as a Federal prisoner. He got behind the bars through get-rich-quick swindling operations. The erstwhile notorious "Cumulative Credit" man some time ago sent an appeal to the President and the Department of Justice at Washington for a pardon. Yesterday his petition was rejected, on the grounds that he is not entitled to pardon. This finding by the Department of Justice is final. "Saint Orlando" will skin no suckers for the present, unless they find their way into the County Jail and come in contact with him.

FATHER SEEMS NOT ASHAMED.

Reputed Rich, Lets State Care for Child.

Fanatic Sects Responsible for Her Insanity.

Last Dollar Gone, Husband Seeks Charity.

Driven insane by blindly following the teachings of the weird "Pillar of Fire" and the "Burning Bush" sects of fanatics, Mrs. Elizabeth Northcutt, only daughter of James E. Murdoch, a wealthy resident of this city, was committed to the State Hospital for the Insane at Patton yesterday. It developed at the hearing in the Superior Court that her husband had exhausted his scanty savings in caring for the unfortunate woman and that her father had refused to provide a nurse. The latter is a prominent member of the Nazarine sect and is said to own a large amount of property. His excuse for not providing for his daughter was that her husband is responsible for her welfare and that he himself had recently married a young wife. When the husband and the father of the crazed woman met in the courtroom, the older man extended his hand, but the younger refused to take it.

RUSH TO CITY TREMENDOUS.

POSITIVE FLOOD OF TRAVEL FILLS THE HOTELS.

Population Will Double in Six Days During First Week in Prediction of Bonifaces and Railroad Men. Every Room Will Be in Demand. Rates Won't Be Raised.

That the population of Los Angeles will double in size during the first week is the statement of some hotel managers and railway officials. The rush has already commenced, and will soon become a positive flood of travel. Hotel men are preparing for the most tremendous crush ever known here. They base their action on orders for reservations received from all over the Pacific Slope. Indications are that every available room in the city will be in demand. The managers are anxious to keep accommodations for their regular California patrons, the people from the surrounding cities who usually stay with them each year, but they warn them that so great is the demand that they will be unable to make reservations after Friday. They particularly emphasize the fact, also, that they will not raise their rates for next week.

Fleet week visitors have been coming in steadily for several days but yesterday really marked the beginning of a rush which is expected to be unequalled in the previous history of Southern California, if not indeed of the State. The large downtown hotels were scenes of bustle all day long. Many people who left for San Diego to get a first sight of the battleships there, took the precaution to reserve rooms here, for every one will return to witness the remarkable celebration which has been arranged by the fleet committee of this city. The managers of the big hotels stated last night that they are overwhelmed with orders for rooms. S. J. Whitmore, manager of the Alexandria, said: "I wish that the people from the inland cities who, I know, will come here at the last moment, would let us know what they will want so that we can prepare for them. Our reservations are for the most part for easterners, including many relatives of the officers of the fleet. We also have to keep a large number of rooms for the officers themselves." Mr. Loomis of the Angeles declared that he would not hold rooms for local patronage after Friday. Last Friday every room in the Van Nuys was reserved for fleet week. To add to the stir yesterday, Gov. Gillett, his staff and a large party of ladies arrived in the morning on the Southern Pacific coast line and stayed over a few hours before leaving for San Diego. The Governor, who is still suffering from the effects of grip, went immediately to the Hotel Alexandria, and was obliged to deny himself to callers. Adj.-Gen. J. B. Lauck said the Governor was compelled to conserve his strength for the ceremonies here and at San Diego, in which he will take a leading part. He, with members of his staff, will make an official call on Admiral Thomas at San Diego this afternoon, as soon as the battleships arrive. He expects to return to this city Saturday. In anticipation of the arrival of the Governor, Lieut.-Col. Rufus E. Heron, Lieut.-Col. George E. Pillsbury, Lieut.-Col. G. C. Van Nest, Lieut.-Col. George N. Black, Lieut.-Col. Sherman Pease and Commander E. J. Louis, who joined the party here, had made his room at the hotel a bower of flowers. The original party came down from the North two special cars, but so large an addition was made here that an extra chair car had to be chartered and attached to the express. Gov. Gillett was accompanied by Lieut.-Gov. W. R. Porter and wife.

PUBLIC SERVICE OFFICIAL DOINGS.

SUMMARY OF THE DAY.

Two bids, one regular and one irregular, were received yesterday by the Board of Public Works for carrying aqueduct freight: the Los Angeles Owens Valley Railroad cut the first bid of the Southern Pacific almost 40 per cent.

Outnumbered and outgeneraled, the liquor interests threw up the sponge in the Council yesterday and asked that their applications for enlarging the table "boozes" zone be laid on the table.

The Council passed the South Park electric railway franchise yesterday over the Mayor's veto.

Committees from a number of regions and temperance organizations made a bold but futile effort yesterday to induce the Council to pass an ordinance closing all saloons and liquor stores here during Lent week.

In Judge Smith's court five witnesses testified yesterday for the prosecution in the trial of Frederick D. Cook, charged with the murder of his former wife, Mrs. Amanda Cook, on a car near Sawtelle, August 27, 1930.

Former Deputy Coroner Clyde M. Sage was paroled by Judge Conroy yesterday. The court decided whether former Coroner Lantierman should be a new trial.

Mrs. Jessie Williams and Mrs. C. W. Board testified yesterday for the defense in C. W. Board's trial on a perjury charge in Judge Conroy's court.

AT THE CITY HALL.

TWO BIDS FOR FREIGHT HAUL.

BOARD EFFECTS SAVING BY RE-ADVERTISEMENT.

Southern Pacific Reduces First Offer About One Cent a Ton a Mile. New Road Cuts This Price, but Declines to Guarantee Its Offer. Railway Line Assured.

Two bids, one regular and one irregular, were received by the Board of Public Works yesterday for carrying aqueduct freight into the Owens Valley. The Southern Pacific Company made a bid somewhat lower than that submitted on January 10; this bid is accompanied by a bid to be executed by the board. The Los Angeles Owens Valley Railroad submitted a bid which is lower on most items than that of the Southern Pacific, but it is accompanied by neither bond nor certified check to guarantee the building of the road. The City Attorney says that this bid is irregular.

In a letter to the board, the president of the Los Angeles Owens Valley road says that it will be impossible for his company to build the first twenty-three miles of the line within sixty days as required by the advertisement. He asserts that the offer from his company is 40 per cent lower than the bid received from the Southern Pacific Company last January, and that the saving to the city in accepting his bid will be at least \$500,000.

The board of public works referred both bids to the engineering department for inspection and report. The schedule on which the bids are made is an irregular one and will be several days before the engineers can report. Just what the average rate per ton mile of each bid will be, the aqueduct engineers have estimated that there will be 20,000,000 ton miles of aqueduct freight to be transported north of Mojave along the line of the proposed new railroad to Owens Valley. The rate per ton mile in the Southern Pacific bid is about 5 cents; that of the Los Angeles Owens Valley road is estimated at about one-half a cent less per ton mile.

The successful bidder is required to construct a line of railway from Mojave to Independence, in the Owens Valley. The road must be built to Jarvis Canyon within sixty days, and to Independence within two and one-half years.

The Southern Pacific bid was submitted without comment; that of the Los Angeles Owens Valley road was accompanied by the following explanatory letter:

We submit herewith our figures for hauling Los Angeles aqueduct freight from Mojave, a point on the A. T. & S. F. Railroad, twenty miles east of Mojave, to the several points mentioned in your specifications, providing fair and equal treatment, and made as to the time limit for the construction of the first section of the line. We have the necessary assurance for faithful performance and we assure that we will not allow any material shipped from eastern points to be loaded on to the line of the proposed new railroad at any point where it is in physical impossibility to assemble the train and construct a road of that length in that period of time, and I assure it will be constructed as fast as possible.

I desire to call your attention to that portion of section 1A in which the city as a condition of the granting of a franchise to the government of a right of way across all the withdrawn lands, etc., to the successful bidder, that the city will be paid for any one or more of the successful bidders.

Your attention is called to the marked difference between the figures submitted by the Los Angeles Owens Valley road and those of the Southern Pacific, showing a net gain to the city of 40 per cent, or approximately \$500,000.

WHITE RIBBON WINE.

Liquor men desisted. After a scrapping, desisted, but vainly against the reformers for two hours and a half in the Council chamber yesterday afternoon, the liquor forces threw up the sponge. They were out-numbered, out-general, out-talked and out-voted. Realizing that further opposition would be futile, Attorney Todd asked that the petition and the ordinance which he had presented be laid on the table until the liquor cases now pending in the courts are decided. This probably means a delay of a year; during which time the wholesale liquor stores in the residence districts will be closed, or conducted as "lucky clubs" or blind pigs.

CLUB LICENSES.

Pushed with victory, the White Ribbon brigade carried its attack to the proposed club ordinance, licensing clubs that hold charters from the State. There was a sharper conflict, but they blocked the proposed law by a vote of 10-9. The point was made that to license 150 clubs, holding charters from the State, would be tantamount to opening 100 new saloons.

City Attorney Hewitt created a mild sensation by expressing the opinion that no social club in the city holding a State charter received any authorization by virtue of that charter to sell liquor. He said that this applied to the California and Jonathan clubs as well as to smaller so-called social organizations. The declaration was cheered to the echo by the White Ribbon brigade and it looks like the beginning of another anti-club crusade.

THE FLEET AND BOOZE.

When the club license was voted down the reformers started on the fleet celebration. They read resolutions passed by a number of religious and temperance organizations asking that the saloons all be closed while the fleet is anchored at San Pedro. Wallace moved for the passage of an

ordinance closing the saloons during Lent week, and when seconded the motion. The White Ribbon brigade cheered for five minutes and talked in favor of the ordinance for an hour.

In all the discussion the talkers showed a laughable ignorance both of the powers of the Council and of facts relating to the fleet, but they went on, ignorant together and for awhile it looked as though their very enthusiasm would carry the ordinance.

A staid liquor sympathizer ridiculed the White Ribboner for what he termed bearing false witness against Fighting Bob. He said he would not permit the admiral to be made to suffer for the sins of the captain of the old Texas.

"What Fighting Bob did," he went on, "was this: 'We'll drive those fellows out of Cuba if we have to make Spanish the official language of hell to do it.'"

When the roll was started Blanchard and Chapman voted in the affirmative. Dromgold rose to explain. He said that Wallace and Wren were playing a device politics by proposing the ordinance for the sake of their own glorification before the White Ribboners present and to put the other seven Councilmen "over a barrel."

When interrupted to say that he seconded the motion to get an expression of the people's mind, but that he would vote against it, President Pease said that he thought the motion should be withdrawn.

The roll call stopped, and Wallace withdrew his motion.

SALOON ZONE.

Then the Church Federation and J. Wiley Phillips presented an ordinance revoking the license of the nine saloons outside the saloon zone. These are the saloons that were operating when the saloon zone was established ten years ago; the liquor ordinance was so worded as to permit them to continue in business so long as the ownership of the license or the location is not changed.

But this time the reformers had permitted their enthusiasm to carry them so far that they were forced to walk back. The Councilmen voted to file this ordinance.

Attorney McGarry presented petition asking that the wholesale district be extended east of Alameda street only. They gave up hope of the district west of San Julian street and presented frontage signatures for the property in the district bounded by Seventh, Ninth, Alameda and the Los Angeles River.

Both these petitions were laid on the table until the present litigation over the ordinance is settled.

RIVER BED FRANCHISE.

COUNCIL TO INVESTIGATE.

"Not a sound was heard, not a funeral note" as the Council received an application for a 50-year railroad franchise in the river bed yesterday and passed it quietly along to the Committee of the Whole. The question of river-bed franchises is so delicate a one that no legislator cares to even so much as express himself on the latest of the kind other than to say it shall receive "mature consideration."

The application comes from the Los Angeles Harbor Road Company, through its president, A. C. Bird, and its attorney, Frank Thomas. It follows the banks of the river from the northern to the southern city boundaries. President Bird was not present to speak for his franchise. He was a candidate for trustee of Compton and the reformers were making a fight against him as a representative of the corporations. He telephoned to the City Hall that the fight was so hot that he could not break away to attend to something of minor importance like a river-bed franchise.

After the ordinance had been safely stored away in the archives of the Committee of the Whole, Councilman Healy woke up and charged the Mayor with rushing up the ordinance and asking the Council for the purpose of starting a row. He said that the league had asked the Council unfairly when the last river-bed franchise was under consideration and that it is up to the city to act fairly again.

Attorney Thomas told Healy that there is no connection between the league and the franchise application; others said that the league will oppose it. Already the Southern Pacific franchise has been thrown solidly against the franchise and unless there is a sudden and surprising change of heart it will never be reported favorably by the Committee of the Whole.

He said that there is no agreement between it and any other railroad relating to the present franchise application. They assert that it is proposed for the purpose of providing a belt line to Wilmington, which may be used by any other company. President Bird says that his company would reduce the present freight rate from the harbor to the city from 25 to 40 per cent.

VETO NOT SUSTAINED.

RAILWAY FIGHT ENDED.

The Council passed the ordinance confirming the sale of an electric railway franchise on South Park avenue yesterday over the Mayor's veto. This franchise is now one of the possessions of the Los Angeles Railway Company, which has bought it on two different occasions. First the old company bought it as a part of the San Pedro franchise for \$2000. The court decided that the company forfeited its title to the franchise for not building within the time limit and the present company purchased it at a Council auction for \$500.

In his veto message the Mayor asserts that the purchase price is too low; he says that the southern segment of the United States District Court yesterday, supporting the decision of United States Dist. Atty. Lawrence, that the trial of Howard K. Clover should be postponed until the return from England of Francis Ormond, the principal government witness. Come for "Capt. Clover" argued at length that his client should not be put to the disadvantage of a continuance. He accused Ormond of obtaining large sums of money from Ormond, by impersonating a naval officer.

"CAPT. CLOVER MUST WAIT."

Judge Wellborn rendered a decision in the United States District Court yesterday, supporting the decision of United States Dist. Atty. Lawrence, that the trial of Howard K. Clover should be postponed until the return from England of Francis Ormond, the principal government witness. Come for "Capt. Clover" argued at length that his client should not be put to the disadvantage of a continuance. He accused Ormond of obtaining large sums of money from Ormond, by impersonating a naval officer.

AT THE COURTHOUSE.

DEAD WOMAN'S LIFE OF FEAR.

IMPORTANT TESTIMONY GIVEN IN MURDER TRIAL.

Efforts to Elicit from Witnesses Expressions of Belief in Defendant's Insanity Vain—Threats to Kill Judge and Lawyer Alleged. Shooting on Car Described.

"I heard three revolver shots, then two struggling men crashed together against the front door of the car, and almost immediately one of them ran to the end of the car and jumped out into the night," testified Motorman E. H. Baker yesterday in Judge Smith's court, in the trial of Frederick D. Cook on the charge of shooting his former wife, Mrs. Amanda Cook, on a Santa Monica car near Sawtelle, the evening of August 27, 1930.

"I was looking straight up the track when the shooting occurred," continued the witness. "I did not see it, and only after the man had jumped out and I had stopped the car, did I know that the woman was dead. A man came running up to me, and he talked about the shooting afterwards. We ran the car right into the city, after we had received orders to do so. The woman lay between the seats. The whole thing occurred in about two minutes. It seemed to me that the defendant was in a state of insanity."

During the testimony of Mrs. Jessie E. Spear, E. H. Baker, Attorney Geo. E. McKnight, H. C. Vigne, and Sheriff W. A. Harrell, the witnesses called by the prosecution yesterday, Cook sat quietly beside his counsel, and listened attentively to everything that was said. During the narrative of the shooting, his eyes gleamed and his face twitched. He is heavily built and has a quantity of coal black hair. During his imprisonment, he has gained in weight.

R. C. Steel, J. E. Gray, J. L. Rice, C. L. Palmer, G. W. Schutte, J. W. Downs, E. S. Williams, C. R. Fuller, F. H. Sanborn, L. M. Baldwin, H. Lauchlin, Jr., and E. P. De La Vergne compose the jury. Eight men were excused because of their conscientious objection to the death penalty.

"I knew Mrs. Cook as a child in the East," testified Mrs. Jessie E. Spear, who was familiar with her domestic troubles and she visited her Santa Monica home and talked them over with her on the Saturday before she was killed. I saw her body in the undertaking room after death and know she was killed. The Saturday when she was killed, she showed me a letter from Cook, in which he demanded that she turn the children over to him. He refused to let me see the letter, but she lived in constant terror of the man."

Mrs. Spear's cross-examination did not elicit a belief in the defendant's insanity.

I had an interview with Cook at my office in May or June before the shooting," testified Attorney G. W. McKnight, who represented Mrs. Cook in her divorce suit. "At that time, he agreed to provide a home for his wife and children, if I would furnish the suits. He said he would later he called at my home by appointment. He said: 'You've got to let me know what I can do for you. I would if you would provide a home for your wife and children for two months. Until you do, I will not let her go. Your wife tells me that you have said you intend to kill her, the judge, and me. If a divorce is granted, she will be free to go, and when I taxed him with lying, he admitted he had said it, but added: 'I didn't mean it. I would kill a cat. But I will not provide a home for my family, and you've got to let me know what I can do for you. I will not let her go. Fresno County Vineyards

Pay \$100 to \$150 An Acre Per Year

There are 100,000 acres of vines in Fresno County—the largest vine-
yard in the body, under one ownership, comprises 4000 acres; the small-
est are 5 and 10 acres. The earnings are proportionate, for in
Fresno County the small grower gets just as high prices as the one with
large holdings. Five-sixths of all the raisins in the United States are
grown in Fresno County, besides the table grapes that are shipped East
and the thousands upon thousands of tons of grapes that go to the many
wineries located in the county.

Large lands in Fresno County cost from \$50 to \$100 an acre, with
good bearing improved places can be had for from \$200 to \$300 an
acre.

Other Points About Fresno County You Ought to Know

Irrigation water costs only 40c to 75c per acre per year. There are
hundreds of miles of irrigation canals and ditches. The alfalfa and dairying
industries are of immense proportions. Poultry, truck farming, berry
raising and bee keeping are important factors in producing
10,000,000 barrels of oil are produced annually in the Coalinga
field in western Fresno County, selling for 60¢ a barrel. Deciduous
fruit from \$100 to \$800 an acre per year. Fresno County's third
largest have deposits of \$10,650,000!

"Fresno County Stands Ready to Show You!"

There's Money for You in Fresno County — Will You Come and Get Your Share?

Here are some startling figures about the wealth of Fresno County.
Read them—wonder about them—and then ask yourself if you wouldn't like to live in a community where land produces such per capita wealth!

The products of Fresno County last year brought \$28,000,000; the population of Fresno County is 45,000—that means a per capita earning annually of \$622.22 for every man, woman and child in Fresno county.

Where is there another agricultural county that can make such a showing?
Come and get your share of Fresno County's great wealth.

Free Fare To Fresno

If you are a homeseeker, the Fresno County Chamber of Commerce is willing to pay your railroad fare to Fresno. Ask Mr. Wallace, at the Los Angeles Chamber of Commerce, for full particulars.

"Fresno County Stands Ready to Show You!"

Fresno County Orange and Lemon Groves

Yield Handsome Returns

Fresno County oranges ripen from four to six weeks ahead of the
oranges in the Redlands, Highland, Pomona and Riverside districts, and
the early fruits always command the highest prices in the Eastern mar-
kets, at Thanksgiving and Christmas. Many orange groves and lemon
groves in Fresno County pay \$500 and \$600 an acre net per year. Good
orange lands in Fresno County can be bought for from \$75 to \$180 an
acre, with water. Improved groves in bearing cost from \$800 to \$1500
an acre, according to age and location.

Take a trip to Fresno County and see the orange and lemon groves
for yourself. If you want an orange grove, "Fresno County Stands
Ready to Show You."

Attend the Fresno County Lectures at Los Angeles Chamber of Commerce

Every morning from 11 to 11:30 o'clock, in the Lecture Room of the
Los Angeles Chamber of Commerce, Mr. Miles Wallace delivers a very
instructive and entertaining illustrated lecture on Fresno County. Go
and hear one of these lectures, see the pictures of Fresno County's devel-
opment and make up your mind you are not going to invest any money
until you have seen the opportunities Fresno County has to offer.

of No. 1721 South Figueroa street, ac-
companied by their guest, C. A. Haw-
kins of San Francisco, left yesterday
in their automobile for Coronado, where
they will remain during the celebra-
tion in honor of the fleet.

MINERS RETURNING TO WORK.

All Contracts With Operators Will
Probably Be Signed by First of
May.

(BY THE ASSOCIATED PRESS.—A.M.)
WHEELING (W. Va.) April 12.—"All
contracts between the United Mine
Workers and operators, with the possi-
ble exception of Illinois, will be signed
by the first of May," said President
Lewis of the Miners' Union, who was
in the city today.

"Matters will have progressed to such
an extent," said Mr. Lewis, "by Thurs-
day of this week, that the 15,000 miners
in Ohio, Indiana and Pennsylvania will
return to work, pending district settle-
ments later."

ENGLAND MAY INTERFERE.

Great Britain Inclined to Compel Con-
go Government to Observe Its
Treaty Rights.

(BY THE ASSOCIATED PRESS.—A.M.)
LIVERPOOL, April 12.—If by June
Belgium has not annexed the Congo
Independent State on acceptable
terms, the British government is deter-
mined, with the cooperation of the
American government, to take mea-
sures which will compel the Congo gov-
ernment to observe its treaty rights,
which have been "openly and persist-
ently violated," was the announcement
made this afternoon by E. D. Morel,
secretary of the Congo Reform Associa-
tion, at a meeting of that body.

Mr. Morel has been in close touch
with the British government, and has
had recent conferences on this subject.

George C. Fetterman of Chilente,
Nev., was in the city yesterday feel-
ing happy because he has just secured
judgment against O. C. Dring and
the Lincoln County Bank of that place,
after a long fight over a stock cer-
tificate, valued at \$55,000.

After Reading the Fresno Chamber of Commerce Advertisement Come in and See Us

ROBERT MARSH & CO.

We make a specialty of Fresno Lands. We handle
only high-class property on which we know you will
make a success.

We handle lands with water rights only. We guar-
antee every transaction, and agree to exchange any piece
of land bought from us for anything else we have for
sale AT ANY TIME!

We can use about 20 men on our own Ranches, and
will employ any of the purchasers of our lands until their
own places are self-supporting.

We have the finest Raw Land in Fresno, in the
Frostless Raisin District for \$75.00 per acre, with water,
entirely surrounded by vineyards worth \$300.00 per acre.
Small payment down. Balance can be worked out
or paid out of crops.

IMPROVED PLACES IN PLENTY—

Excursion to Fresno, Thursday night. We go direct
to Fresno, then by trolley and automobiles to our lands.

Fare refunded to all purchasers. AT ANY RATE
come in and talk to me about it. I'll give you straight
goods whether you mean business or not.

SAWDUST BODY DANGLES IN AIR.

ROWDIES HANG CONSTABLE IN EFFIGY AT BRAWLEY.

As Representative of Temperance Forces, He Incurs Enmity of Disreputable Element—Citizens Disgusted and Threaten Punishment for Perpetrators of Act.

(BY DIRECT WIRE TO THE TIMES.)

BRAWLEY, April 13.—[Exclusive Dispatch.] As a result of the activity of the temperance forces in suppressing bootlegging, Constable John Martin today was hanged in effigy from a telephone pole on one of the principal corners of Main street. The act has created much disgust among law-abiding people.

Early last evening the constable arrested an intoxicated man who had been patronizing an alleged bootlegging outfit. Main street was the scene of some drunken revelry and Martin was called upon to break it up.

Later the effigy was prepared, placarded with insulting notices and hung from a telephone pole. It was cut down by citizens this morning, and physical punishment was threatened if the guilty persons could be located.

Martin has just been elected marshal for this newly-incorporated city. He was the candidate of the temperance forces.

(With the coming of the cantaloupe season, bringing a large floating population to the city, the temperance forces made the rounds of the city to gather evidence against "blind pigs." Numerous arrests are to follow.

SMITH IN TROUBLE.

James A. Smith, who was arrested in the city for selling liquor, was today taken to the county jail for the same reason.

SAVE THE CELERY CROP.

Agreements Entered into for Spraying That Will Check the Destructive Blight.

SANTA ANA, April 12.—[Exclusive Dispatch.] The Orange County Growers' Association and the celery growers have entered into an agreement for the spraying of the celery during the coming season for the purpose of ridding the crop of the destructive blight. The celery growers in the association will do their own spraying during the coming season for the purpose of ridding the crop of the destructive blight. WIVES IN DANGER.

Ventura Mexican Who Choked Spouse Is Convicted and an Oxnard Man Must Answer Charges.

VENTURA, April 12.—There were two cases of abuse of wives in the county yesterday and the two cases came up in the courts today. One was in this city, Jesus Villanueva was convicted in Justice Oxnard's court today. His wife, a comely Mexican woman, made complaint that her husband, on Friday evening last, without cause, choked her and threw her from the floor and otherwise maltreated her in a fit of anger when she would not leave the room when he ordered her to. The District Attorney charged Villanueva as a man who had once been arrested for robbery. Sentence will be passed on him tomorrow.

CHUCK COULAS of Oxnard was brought to this city last night in charge of Sheriff Martin and Constable Ford. A hurry order had been issued for Coulas, who had come from Oxnard for the Sheriff, as Coulas was tearing about and had snapped a pistol in the face of his wife. When they arrived the wife had been secured. He is being brought to this city and lodged in jail. He will be taken to Oxnard for examination.

The saloons were closed again yesterday with the result that there were no saloons open for the purpose of the record this Monday morning. The saloons, during the last no-saloon campaign, had been ordered to close and were to remain closed for 30 days.

SANTA BARBARA PRIEST DEAD.

SANTA BARBARA, April 12.—Rev. Father Augustine W. Schneider, pastor of the Church of Our Lady of the Rosary at Montecito, died in the Quinsigami Hospital this evening. He was 40 years old, a native of Germany and had been here for two years. His funeral will be held Wednesday morning, when a solemn high requiem mass will be sung. Interment will be in Calvary Cemetery, at Los Angeles.

Newport and Santa Ana Chambers of Commerce Will Give Fleet Noisy Reception.

BALBOA, April 12.—That there will be a noisy time here on the 18th last is a fact. The Chambers of Commerce of Newport and Santa Ana are working together to give the sailors a warm welcome. Thirty-four boats will be in the harbor on the 18th to the fleet as it passes toward San Pedro. These boats will be shot from a mortar and when 100 feet in the air.

Through the intervention of Capt. E. J. Louis, president of the Newport Bay Yacht Club, and other influential persons, the battleships will pass close to the shore, from Balboa Point to Huntington Beach.

C. M. Knox of the Southern Pacific states that he has arranged for half-hour service between Newport and San Pedro on the 18th in the morning until 6 at night.

E. J. Gilliland of Riverside, who owns the hotel, will build a nine-room bungalow.

F. M. Heath, is building an eight-room cottage at Newport.

Mr. Richards' cottage at Corona del Mar is nearing completion.

H. L. Miller will on Saturday open the Balboa Café for the summer season.

GAS FRUIT EXPERT.

IMPORTANT POSITION TENDERED MORRIS S. SUTPHEN.

Department of Agriculture at Natal Will Educate South African Horticulturists in the Best Methods of Handling and Packing Mandarin Oranges.

RIVERSIDE, April 12.—At the recommendation of County Horticultural Commissioner Cundiff, Morris S. Sutphen of Highgrove, has been given a position with the British government to instruct horticulturists in South Africa how to equip and operate citrus packing-houses. A week or two ago Mr. Cundiff received a request from the Department of Agriculture at Natal, asking him to select a man who would be competent to visit packing-houses in that province and give demonstrations in correct methods of grading, handling and packing fruit. South African horticulturists are making a specialty of the mandarin, but are handicapped by lack of knowledge as to modern packing methods. Mr. Sutphen, who has been for some time a horticulturist in the citrus industry in this county, was selected by Mr. Cundiff for this important position. The contract is for three years.

A DOUBLE DIVORCE.

Double divorce proceedings which were started some time ago by Mrs. Helen Henry against Franklin Henry, and by Mrs. Virginia Henry against Francis Henry, were concluded in the Superior Court today, when both of the wives were given interlocutory decrees of divorce. The plaintiffs in the case are sisters and several years of married life the husbands grew tired of their restraints and leaving their wives and families, one after the other, they fled to the United States. When the case was brought before Judge Denmore this morning, the defendants did not appear to contest it. Each of the wives was given the custody of the children and allimony of \$500 a month.

A party of members of the First Methodist Church, headed by the Rev. E. B. Fisher, have chartered a Santa Fe Railway car, and will go to San Diego tomorrow morning to see the battleship fleet. They will remain there three days.

WOMEN'S CLUBS.

State Federation.
Mrs. James B. Hume of Berkeley, is slated for the next president of the California Federation of Women's Clubs, and it is a foregone conclusion that she will be elected to succeed Mrs. Buss of Bakersfield, at the convention which will meet in Oakland, May 17 to 20. Mrs. Hume has many admirers in the State and has secured the delegates who attended the State meeting at Fresno, by a wonderful and scholarly paper entitled "The Bitter Literature." She is president of the Oakland Ebell Club, and it was mainly through her efforts that the new Ebell clubhouse there, was built. It is understood that the south will make no effort to secure an executive officer from this district this year. It was the hope of many that Mrs. Oliver C. Bryant of Los Angeles, former president of the Los Angeles District C.F.W.C., might be the next State president, and the delegates from this district would have been instructed to place her in nomination. Mrs. Bryant, however, feels that she cannot undertake such responsibility for the present, as illness in her family demands all of her time and attention. Friends of Mrs. Bryant have of late been delighted to see her once more among them, for she has been away nearly a year, spending the time in San Francisco, Berkeley and the mountains of the north on account of the failing health of her beautiful young daughter, Miss Helen. She will go back to Berkeley in another week.

Mrs. Bertram C. Davies, elected president of the Monrovia Saturday Afternoon Club, to be with her daughter, and she will serve on the Nominating Committee of the State Federation of Women's Clubs. Mrs. Davies is a well-known Los Angeles woman. Mrs. I. O. Bachelier of the Wednesday Morning Club, will serve on the Credentials Committee. Mrs. Florence C. Porter, president of the Los Angeles District C.F.W.C., at the board meeting on Saturday selected three names to be presented at the State Federation as delegates from this part of the State to the biennial in Boston in June. This being the largest district in California, containing more than half of the club members in the State, it is entitled to a large representation in the State delegation, and if Mrs. Porter's selection stands, it will have notable representation. Mrs. Robert J. Burdette, Mrs. O. S. Barnum, and Mrs. R. J. Waters have been selected.

Bureau of Information.
The Bureau of Information for Women's Clubs inaugurated in the Los Angeles district, was started yesterday, with headquarters in the Columbia Trust building, No. 313 West Third street. Mrs. Florence Collins Porter is in charge of the bureau and she intends to make it an institution of State value and significance as well as of local convenience. All visiting club women will be welcomed and their inquiries carefully attended to. Statistics relating to women's work in California, will be gathered; industrial, agricultural and professional data compiled, and a real clearinghouse of valuable information kept up.

Southern Afternoon.
At the request of the Friday Morning Club, Mrs. Charles Wellborn, assisted by a number of prominent southern women, in the city, will conduct a Southern Afternoon today, in place of the regular Tuesday afternoon tea. The programme will begin about 3 o'clock, and will consist of readings from well-known authors of the south, and music and songs of familiar old themes. Mrs. W. S. Bartlett will read extracts from old Colonial correspondence in her family. Mrs. C. Q. Stanton will give several of Paul Lawrence Dunbar's dialect poems and three southern ladies from the Dobson School of Expression will read from Thoreau, Nelson Page's "In Old Virginia," and Katherine Ebbett will sing the old-time songs, and Mrs. J. B. Franklin will play.

The uninvited women who will receive at Mrs. Wellborn are: Meses Albert Stephens, William Johnston, Olin Wellborn, Harriet Wright, W. D. Woolwine, Willoughby Rodman, William J. Hunsaker, W. L. Graves, C. E. Thom and J. C. McCoy.

Ebell Club.
B. R. Baumgardt delivered a lecture at the Ebell Club yesterday at the new Ebell Club of Pompeii, illustrated with stereoscopic views that brought the theater of far-away events very close to modern-day beholders. The lecture was full of scientific value and fascinating human interest connected with the great tragedies of Vesuvius. The coming election at Ebell is the favorite topic of conversation among the members. The three names heard most frequently in connection with the office of president are Mrs. C. A. Burcham, Mrs. W. L. Jones and Mrs. W. J. Hole. Mrs. Joseph E. Cowles outlined her position at the last meeting, explaining her reasons for declining to allow any member to wash her vote, as she positively could not be the president this year. It is also doubtful whether Mrs. Burcham's many duties in the business world will allow her to consider the nomination.

Mrs. Davies Elected.
The Monrovia Saturday Afternoon Club has selected one of the most brilliant members of the district board, Mrs. Bertram C. Davies, for president, the election taking place last Saturday afternoon. Mrs. Davies is quite well known in Los Angeles on account of her connection with the district board, and there is much pleasure expressed here over her election.

For Press Representatives.
The Southern California Women's Press Club will entertain Wednesday of next week at the residence of Mrs. D. C. McLean, No. 226 West Adams street, with an informal tea, from 3 to 6 o'clock, in honor of the press representatives who will visit from San
